

*You can agree with Danske Fragtmænd that the driver will carry the consignments all the way into your business premises. This means that you do not have to carry the goods inside yourself. Make an agreement with Danske Fragtmænd, and we will carry your goods all the way.*

# Carrying the goods inside

# Carrying the goods inside

We go all the way

## Options of carrying in

As a general rule, our driver will deliver parcels and other light goods (under 20 kg) inside at your address. All other consignments are handed over from the lorry's loading ramp as close to your door as possible. If you would like the goods to be carried inside, this must be agreed separately according to the below.

TYPE	PRODUCT	THE CUSTOMER'S RESPONSIBILITY	PRICE
<b>1</b> (Consignor)	The consignor and Danske Fragtmænd have described the terms and conditions for carrying goods inside in the freight agreement, including type of goods and relevant consignees. Danske Fragtmænd ensures that the goods are carried inside when all the described conditions.	The consignor must in the consignment note mark "carring inside".	The price for carrying the goods inside will be calculated based on the time used. See the current rate per minute on <a href="http://www.fragt.eu">www.fragt.eu</a> or contact one of Danske Fragtmænd's service departments.
<b>2</b> (Consignor)	There is no fixed agreement about carrying goods inside between the consignor and Danske Fragtmænd.  You should therefore contact your freight terminal to agree on having the goods carried inside.	A request that the goods are to be carried inside must be made on the collection date before 3.30 (Mon. -Thur.) and before 3 pm (Fri). The number of lots and the total weight of the consignment must be stated in the request. The service personnel will get back to the consignor with information about whether the goods can be carried inside. The consignor must mark both goods and consignment note with 'AFT carrying inside'.	The price for carrying the goods inside will be calculated based on the time used. See the current per-minute rate at <a href="http://www.fragt.eu">www.fragt.eu</a> or contact one of Danske Fragtmænd's service departments.
<b>3</b> (Consignee)	Carrying inside of goods is ordered by the consignee at the moment of delivery. The driver must assess whether there is time to carry the goods inside.		The price for carrying the goods inside will be calculated based on the time used. See the current per-minute rate at <a href="http://www.fragt.eu">www.fragt.eu</a> or contact one of Danske Fragtmænd's service departments.

*Goods are carried inside in accordance with the applicable rules in the Danish Working Environment Act (Arbejds miljøloven).*

Contact the Service Department at your freight terminal to order your goods to be carried inside.
